The NeuroSoma Axis

What each node sounds like when you are aligned, heightened, or needing support.

I. Foundation — SQ

ALIGNED

Feels safe and settled
Deep, restorative sleep

HEIGHTENED

Hypervigilance
Easy to startle

NEEDING SUPPORT

Chronic insecurity
Heavy fatigue

II. Creativity — SQ

ALIGNED

Creative flow and play
Fluid hips and pelvis

HEIGHTENED

Emotional overwhelm
Hip flexor (psoas) tension

NEEDING SUPPORT

Feeling stuck or flat
Stiff hips, low flexibility

III. Confidence — SQ

ALIGNED

Clear boundaries
Steady, efficient digestion

HEIGHTENED

Irritability
Stomach knots, indigestion

NEEDING SUPPORT

Helplessness
Chronic fatigue

IV. Compassion — EQ

ALIGNED

Empathy without absorbing
Open chest and shoulders

HEIGHTENED

Absorbing others' pain
Chest tightness

NEEDING SUPPORT

Social withdrawal
Shallow breathing

V. Expression — EQ

ALIGNED

Speaks clearly and truthfully
Relaxed jaw, tongue, and neck

HEIGHTENED

Interrupting, talking over others
Tight throat

NEEDING SUPPORT

Fear of speaking up
Weak or small voice

VI. Clarity — IQ

ALIGNED

Sees situations as they are
Relaxed eyes and brow

HEIGHTENED

Rumination, looping thoughts
Eye strain

NEEDING SUPPORT

Low focus and concentration
Tired, heavy eyes

VII. Purpose — IQ

ALIGNED

Clear sense of purpose
Thinking stays online under pressure

HEIGHTENED

Overanalyzing
Racing mind at night

NEEDING SUPPORT

Loss of meaning
Brain fog

Seven nodes.
One axis.

An educational framework to help you notice what your system is telling you. It is not a diagnostic or medical tool.
