SOMA-Q

# Discover how to reclaim your energy, clarity, and joy:

## Health

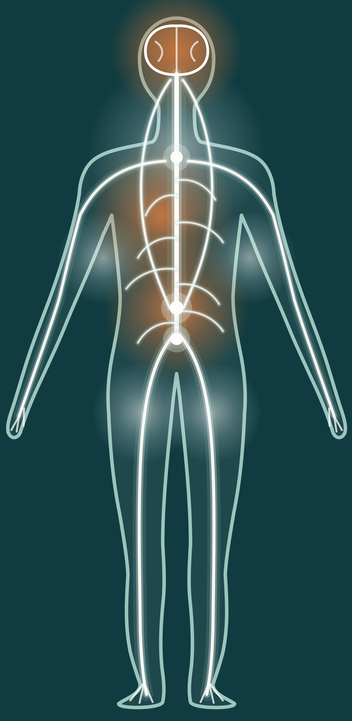

Sleep that doesn't restore you, and a body that has been running on alarm for too long.

## Wealth

Money and business decisions made from pressure instead of clarity.

## Relationships

Less patience for the people you love, and less of you left for the moments that matter.

## Career

Leading well on the outside while running on empty on the inside.

**Shift Happens™**
