NERVOUS SYSTEM LITERACY

Hold space for others without losing touch with yourself.

Partners, colleagues, and family bring you their feelings, and you carry them well. Your own signals are often the quietest in the room, because many men were never taught to listen for them.

Easy to miss when you are busy holding everything else.

A 30-SECOND CHECK-IN

1. Feel your feet on the floor.
2. Find one place you feel something.
3. Name it plainly: tight, hot, heavy.

So you can stay steady for the people who count on you, and know what is true for you.
